Aloha County Council Members, My name is Cyd Hoffeld from Kalapana on Hawaii island and I hope you support Bill 70 when you vote. Here is one reason why: When this bill was heard on our island, I complained to my 28 yr old daughter about the governments overreach into peoples private lives, AGAIN! She turned to me and said that her best friend was a smoker and often smoked in the car with her two young children. She continued by saying that once while she was in the car with her friend and children, her friend started to smoke. My daughter watched the smoke wafting through the air which filled the car. She turned around and saw the children (ages 2 & 4 yrs old) strapped into their car seats being forced to breathe in all that smoke. Then she told me, "Mom, my friend shouldn't be allowed to smoke in the car with her children. Her children are prisoners in that car. There's nowhere for them to go." Tobacco is a legal substance and nicotine such an addictive chemical. Obviously that young mother is a prisoner to smoking and everyday when she's in the car with her infant children, she makes them prisoners, too. Please support Bill 70 that protects children from smoke filled cars. Mahalo, Cyd L. Hoffeld
